Logitech® Ultrathin Keyboard Cover

Designed to impress, type in style – the perfect partner for your iPad®.

Announcement Date:

Available: 10 June 2012

Price: \$139

Available at: www.logitech.com

Product Description

The Logitech® Ultrathin Keyboard Cover is the perfect partner for your tablet. Designed to complement the new, third-generation iPad® and iPad 2, the stylish, ultrathin aluminium screen cover protects your iPad wherever you go – and feels great and looks even better. With a built-in Bluetooth® keyboard and a six-month battery life*, you can type easily and freely. The Logitech Ultrathin Keyboard Cover attaches easily to your iPad with a magnetic clip, and the iPad stand provides an optimal viewing experience for whatever you're doing. The device also has an instant On/Off feature, which automatically wakes your iPad when you open the cover and puts it to sleep when you close it.

Key Features

- **Ultrathin aluminium cover:** The Logitech Ultrathin Keyboard Cover sports a stylish, ultrathin aluminium screen cover that protects your iPad screen so you can take it anywhere without worry.
- **Bluetooth wireless keyboard with six-month battery life:** The built-in wireless keyboard is great for typing an email. Plus, with its rechargeable battery, you get a six-month battery life on a full charge.
- **Easy attach:** Thanks to a clever magnetic clip, the keyboard cover securely and quickly attaches to your iPad.
- **iPad stand:** With a built-in stand, you can view your iPad from the optimal angle – whether it's time to type or watch a movie.
- **Instant On/Off:** Instant On/Off automatically wakes your iPad when you open the cover and sleeps it when you close it.
